The GOP Majority in the Minnesota Senate has been the sole block to Governor Walz’s One Minnesota agenda. We can change that together.

Senate Republicans are already buying ads and spending big to keep the status quo. We need resources to get our message out on our shared values of community, opportunity, justice, and equality.

Seats to FLIP the MN Senate Chamber from Red to Blue!
A NOTE FROM SENATE DFL LEADER
TOM BAKK

Senator Tom Bakk, District 3
Senate DFL Caucus Leader

Thank you for attending the 2020 DFL Precinct Caucuses. This year, we face one of the most powerful elections we've seen in generations, and your participation matters.

In 2020, all 67 seats in the Minnesota Senate will be on the ballot. Democrats need to FLIP ONLY TWO SEATS to win control of the chamber and join the DFL-led House and Governor Walz in leading on our shared values here in Minnesota. The effects of this election are enormous. In the 2019 Legislative Session, the GOP Senate Majority was the sole block to Governor Walz's One Minnesota agenda, including:

- **Paid Time to Care** for new parents or working adults who need to care for sick loved ones,
- **Holding Big Pharma accountable** for the greedy and unprecedented price hikes on life-saving medication including insulin, and
- A meaningful conversation about addressing the senseless gun violence crisis in our country.

Senate Republicans tried to underfund our public schools, attempted to rollback environmental protections, undermined the progress we need to make on clean energy in order to adequately address climate change, and they sided time and time again with special interests and protecting corporate profits over working Minnesotans.

By flipping the Minnesota Senate, we can move forward on the progressive policies and the values we share. Senate Republicans have already started buying ads and spending big to protect the status quo, attempting to divide us along racial and socioeconomic lines in order to benefit a wealthy few. But together, we can build a grassroots effort to FLIP the Minnesota Senate in 2020 and make meaningful change. Please join us!

-Tom Bakk and the Senate DFL Caucus
